Demand He and Bowen Be Joined With Anderson in Inquiry.

WET FIGHT IS DAMPERED

Head of Anti-Saloon League Denounced as "Kaiser of Republicans."

Special Despatch to Tun Sex ALBANY, March 12 .- Several Senators erupted again to-day over the proposa Senator William C. Dodge of The Bronx to have the Legislature request the District Attorney of Albany county to conduct a Grand Jury investigation to determine whether William H. Anderson, superintendent of the Anti-Saloon League, has been guilty of lobbying for prohibition measures without registering as a lobbyist.

Vituperation was heaped upon Anderson for the manner in which he has led the fight of the drys and ne was accused of everything from browbeating the poor legislators to lying openly about them.

Senator George F. Thompson of Niagara, dry leader of the Senate, de-clared he would approve the resolution to have the lobbying investigated pro-vided the names of Lemmel Eli Quigg and John McE. Bowman were added and provision made for getting after others who have taken part in the wet-

dry fight.

The result was that the investigating resolution was shelved, being referred to the Finance Committee by a party vote of 25 Republicans to 18 Democrats. It probably will remain there along with another resolution by Schator Dodge to have a legislative committee make the investigation of Anderson.

Robert G. Davey, counsel for the Anti-aloon League, came to the defence of his superintendent with a short state-

Senator Walker said Mr. Anderson as the "Kalser of the Republican serg," and accused him of browheating the members of the majority to force he pareage of the prohibition measures. cause it simply means "the dropping of more coins into the basket for his pur-poses". "No man in the Senate," Mr. Walters declared, "should feel more bitter against Anderson than I because he has lied about me, he has maligued me and knows that what he said was untrue and yet he hadn't the sense of decency to make an honest retraction.
